WordPress installation के बाद, आपका dashboard कुछ ऐसा दिखेगा:

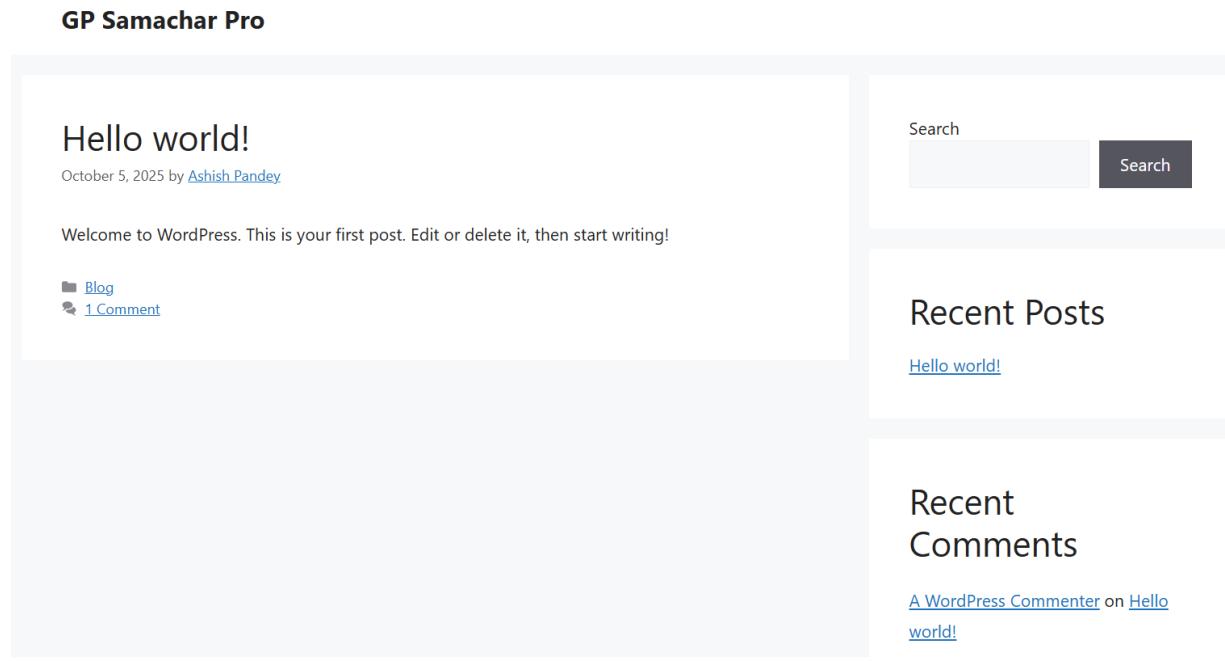

अब login करें।

## Step 3: GeneratePress Theme इंस्टॉल और एक्टिवेट करें

Login करने के बाद, Theme Options में जाएं और GeneratePress Theme इंस्टॉल करें। इंस्टॉल होने के बाद थीम को activate करें।

अब आपकी वेबसाइट कुछ ऐसी दिखेगी:

## Step 4: Plugins इंस्टॉल करें

आपको plugin folder में दिए गए plugins इंस्टॉल करने हैं।  
इंस्टॉल और एक्टिवेट करें:

- GenerateBlocks-Pro, GenerateBlocks, GP-Premium, Contact Form 7, SEO By Rank Math, Web Stories, WordPress Importer

The screenshot shows the WordPress dashboard with the 'Appearance' menu selected. In the 'Themes' section, a message says 'Purged all caches successfully.' and 'New theme activated. Visit site'. Below this, two theme preview cards are shown: 'GeneratePress' and 'Twenty Twenty-Five'.

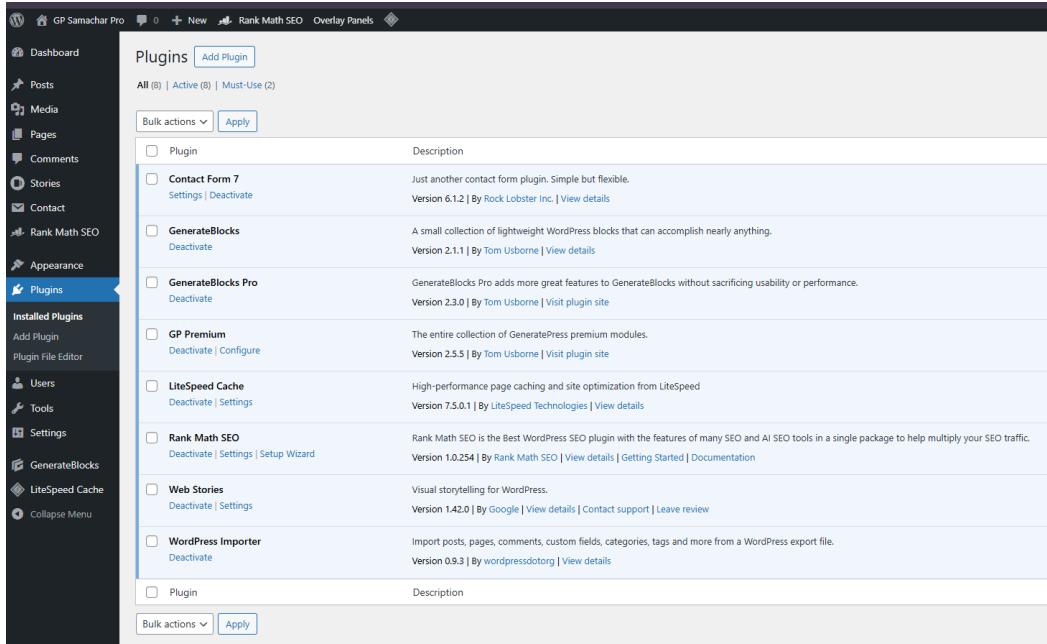

## Installation के बाद:

The screenshot shows the WordPress dashboard with the 'Plugins' menu selected. The 'Installed Plugins' section lists the following plugins:

- Contact Form 7
- GenerateBlocks
- GenerateBlocks Pro
- GP Premium
- LiteSpeed Cache
- Rank Math SEO
- Web Stories
- WordPress Importer
- Plugin

Each plugin entry includes an 'Activate' or 'Delete' link and a 'View details' link.

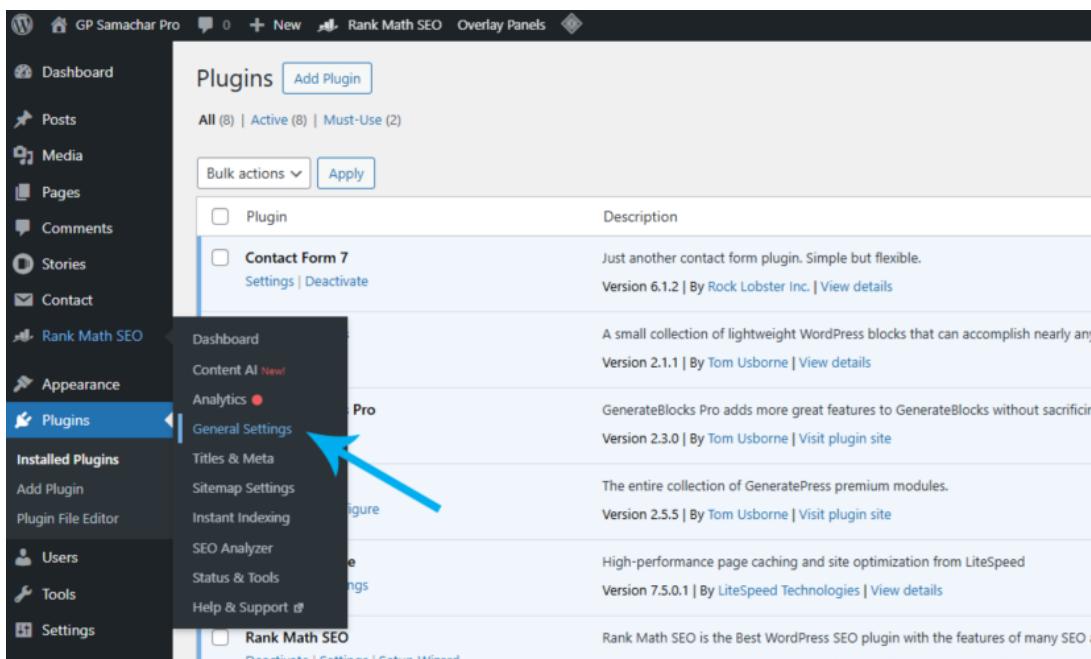

## Activation के बाद:

The screenshot shows the WordPress admin dashboard's Plugins page. The sidebar on the left has 'Rank Math SEO' selected under the 'Plugins' section. The main area lists several active plugins, including Contact Form 7, GenerateBlocks, GenerateBlocks Pro, GP Premium, LiteSpeed Cache, Rank Math SEO, Web Stories, and WordPress Importer. Rank Math SEO is highlighted with a blue border. At the bottom of the list, there is a section for 'Plugin' with a checkbox and 'Description'.

## Step 5: SEO Breadcrumbs कॉन्फिगर करें

RankMath में जाएं और Breadcrumbs option enable करें, जिससे SEO improve होगा और theme appearance भी मैच करेगा।

The screenshot shows the same WordPress admin dashboard as before, but now the 'Rank Math SEO' plugin is being interacted with. A blue arrow points to the 'Titles & Meta' option in the dropdown menu that appears when hovering over the plugin's name in the list. Other options visible in the dropdown include 'Dashboard', 'Content AI', 'Analytics', 'General Settings', 'Sitemap Settings', 'Instant Indexing', 'SEO Analyzer', 'Status & Tools', and 'Help & Support'.

Enable करने के बाद save करें:

The screenshot shows the Rank Math SEO plugin's Breadcrumbs settings. On the left, a sidebar lists various SEO tools: Stories, Contact, Rank Math SEO (selected), Dashboard, Content AI, Analytics, General Settings (selected), Titles & Meta, Sitemap Settings, Instant Indexing, SEO Analyzer, Status & Tools, Help & Support, Appearance, Plugins, Users, Tools, Settings, and GenerateBlocks. A blue arrow points from the 'General Settings' link in the sidebar to the 'General Settings' link in the main content area. Another blue arrow points from the 'Breadcrumbs' link in the sidebar to the 'Breadcrumbs' link in the main content area. The main content area has a title 'Breadcrumbs' and a sub-instruction: 'Here you can set up the breadcrumbs function. [Learn more](#)'. It contains a code snippet: '`<?php if (function_exists("rank_math_the_breadcrumbs")) rank_math_the_breadcrumbs(); ?> OR [rank_math_breadcrumb]`'. Below this is a toggle switch labeled 'Enable breadcrumbs function' which is turned on. A note says: 'Turning off breadcrumbs will hide breadcrumbs inserted in template files too.' At the bottom are 'Reset Options' and 'Save Changes' buttons, with a blue arrow pointing to the 'Save Changes' button.

## Step 6: GeneratePress Settings Import करें

Appearance > GeneratePress में जाएं।

यहाँ सभी modules enable करें:

The screenshot shows the WordPress Appearance > GeneratePress settings page. The left sidebar lists: Contact, Rank Math SEO, Appearance (selected), Plugins, Users, Tools, Settings, GenerateBlocks, and LiteSpeed Cache. A blue arrow points from the 'Appearance' link in the sidebar to the 'Appearance' link in the main content area. Another blue arrow points from the 'GeneratePress' link in the sidebar to the 'GeneratePress' link in the main content area. The main content area has a title 'Site Health Status' with a sub-instruction: 'Site health checks will automatically run periodically to gather information about your site. You can also [visit the Site Health screen](#) to gather information about your site now.' To the right is a 'WordPress Events and News' section with a 'Save Draft' button. It lists an event: 'WordCamp Bhopal 2025' on 'Sunday, Dec 21, 2025' at 'WordCamp • Bhopal, Madhya Pradesh, India'. It also mentions 'Want more events? [Help organize the next one!](#)' and news items like 'WordPress 6.8.3 Release' and 'Portland Welcomes WordCamp US 2025: A Community Gathering'.

नीचे scroll करें और "Generatepress-Settings-All.JSON" फ़ाइल import के लिए select करें:

## Import / Export

Layout Options Set up the layout of your overall site elements.	
<b>Export</b> Export your customizer settings.	   
<b>Import</b> Import your customizer settings.	 No file chosen 
<b>Reset</b> Reset your customizer settings.	

Import पर क्लिक करें:

The screenshot shows a Windows File Explorer window with the path: Desktop > Wp Bazaar > GP Samachar Pro En. The contents of the 'Desktop' folder are listed:

Name	Date modified	Type	Size
Child Theme	10/5/2025 2:09 PM	File folder	
Plugin	10/5/2025 2:07 PM	File folder	
Generatepress-Settings-All.json	10/5/2025 2:14 PM	JSON Source File	8 KB
Home-Page	10/5/2025 2:13 PM	JSON Source File	62 KB

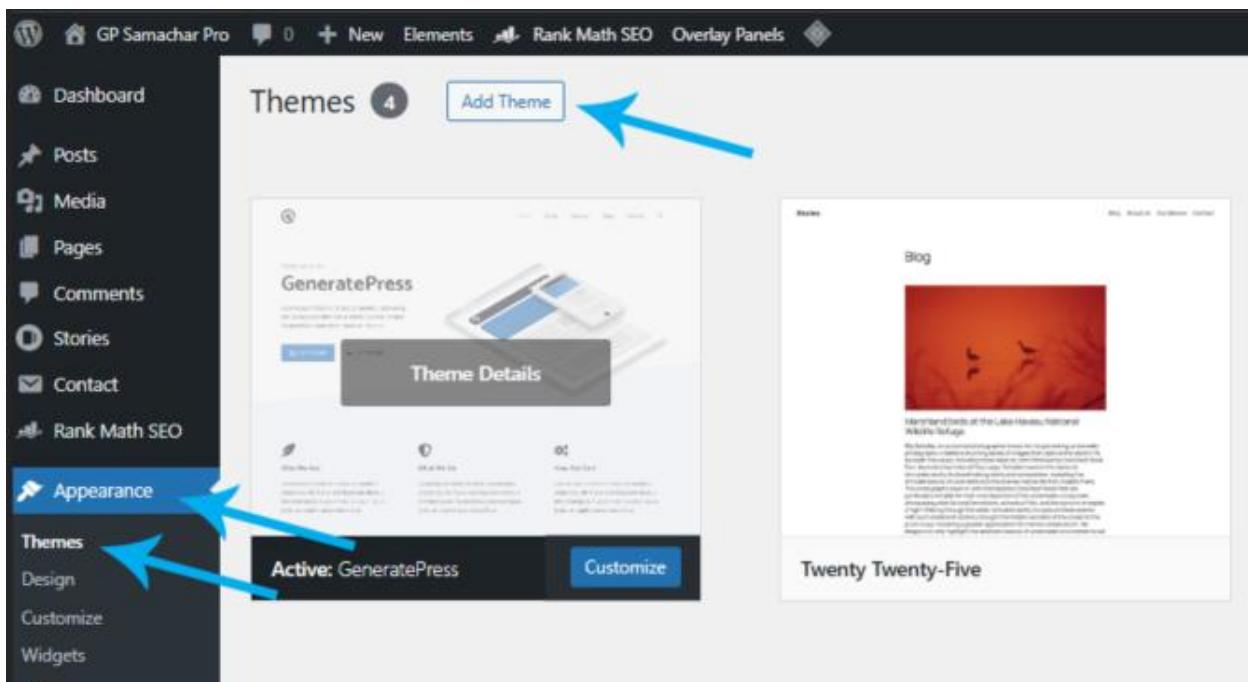

Below the file explorer is the 'Import / Export' screen in the WordPress Customizer. The 'Import' section is highlighted with a blue box and a blue arrow pointing from the 'Generatepress-Settings-All.json' file in the file explorer. The 'Import' section contains:

- A 'Choose File' button with the path 'Generatepre...ings-All.json'.
- A blue 'Import' button.

## Step 7: Child Theme इंस्टॉल करें

Appearance > Themes > Add Theme में जाएं।

Folder (Gp Samachar Pro .zip) से child theme चुनें और install करें।

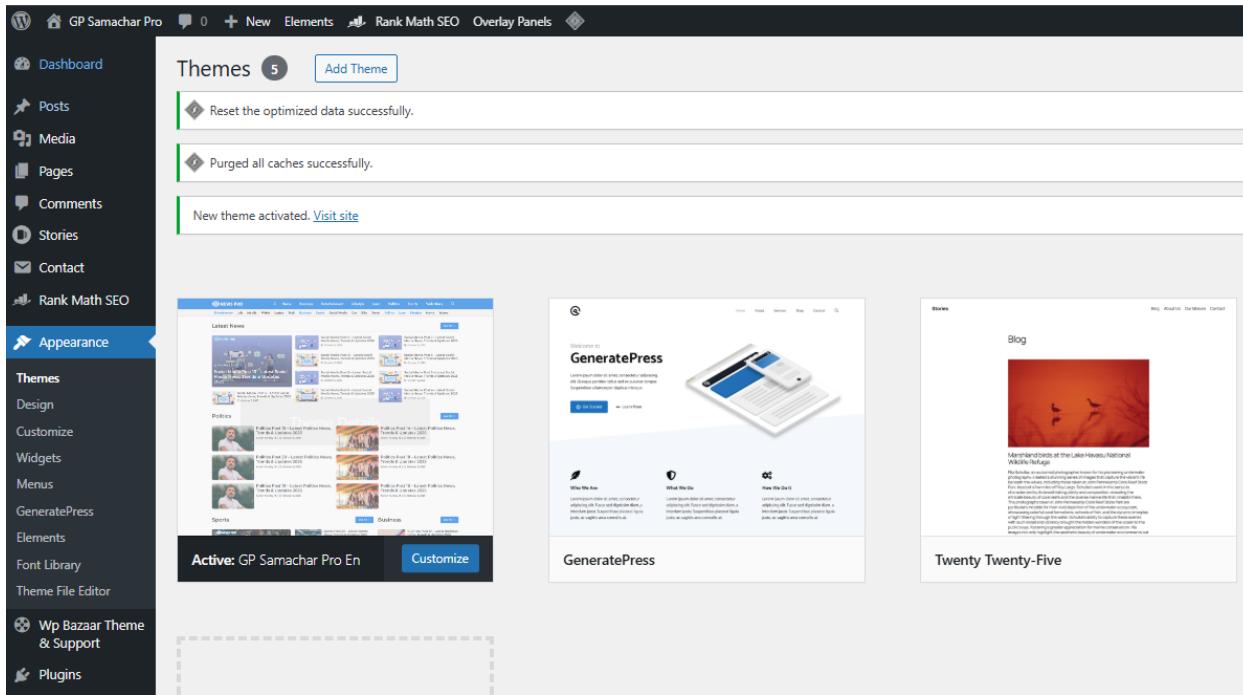

If you have a theme in a .zip format, you may install or update it by uploading it here.

No file chosen

New folder

Choose File GP Samachar Pro En.zip

## Child theme activate करें:

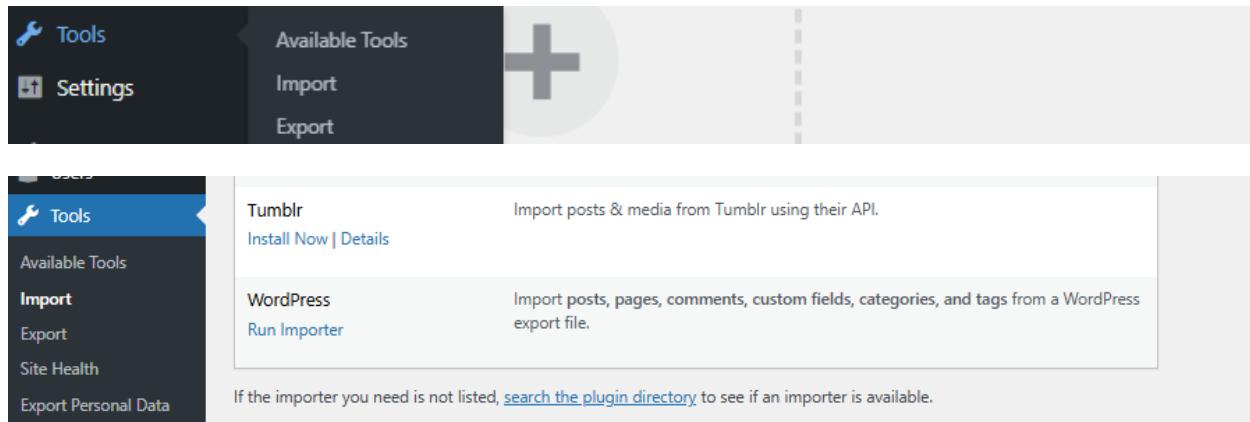

## Step 8: अब वेबसाइट कुछ ऐसी दिखेगी:

## Step 9: Dummy Content इम्पोर्ट करें

Tools > Import में जाएं।

WordPress "Run Import" पर क्लिक करें।

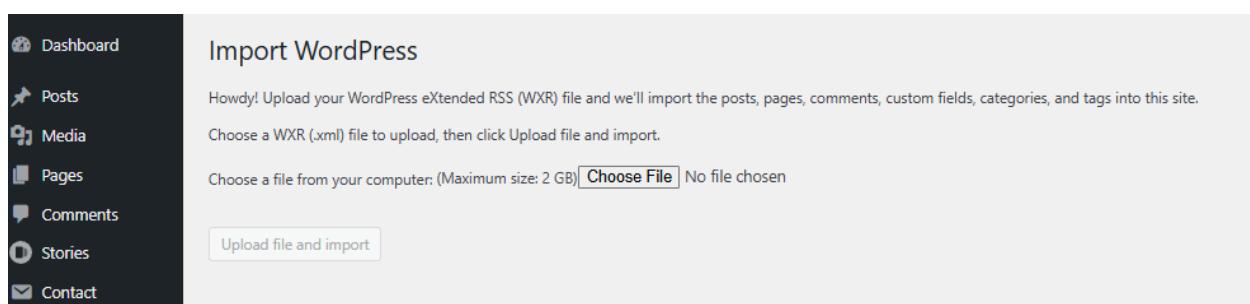

The screenshot shows the WordPress admin sidebar with 'Tools' selected. In the main area, there's a 'Available Tools' section with two items: 'Tumblr' and 'WordPress'. Below this, a note says: 'If the importer you need is not listed, [search the plugin directory](#) to see if an importer is available.'

Tool	Description
Tumblr	Import posts & media from Tumblr using their API.
WordPress	Import posts, pages, comments, custom fields, categories, and tags from a WordPress export file.

अब निम्न dummy content files एक-एक करके import करें:

- Dummy Pages
- Dummy Posts
- Elements (Real look के लिए ज़रूरी)
- Web Stories

The screenshot shows the 'Import WordPress' screen. It has a sidebar with links like Dashboard, Posts, Media, Pages, Comments, Stories, and Contact. The main area has instructions: 'Howdy! Upload your WordPress eXtended RSS (WXR) file and we'll import the posts, pages, comments, custom fields, categories, and tags into this site.' Below that is a file upload field: 'Choose a WXR (.xml) file to upload, then click Upload file and import.' A note below it says: 'Choose a file from your computer: (Maximum size: 2 GB)' followed by a 'Choose File' button and a message 'No file chosen'. At the bottom is a large 'Upload file and import' button.

फाइल्स की लिस्ट यहाँ है:

Web Stories	10/5/2025 2:57 PM	XML Document	186 KB

Elements file के अलावा बाकी सब optional हैं, लेकिन real theme look के लिए Elements ज़रूरी है।

## Step 10: Import के बाद, वेबसाइट लगभग तैयार है और कुछ ऐसी दिखेगी:

The screenshot shows a blog section of a website. At the top, there's a navigation bar with links for Privacy Policy, Home, About Us, Contact Us, Disclaimer, Terms & Conditions, Latest News, and a search icon. Below the navigation, there's a horizontal menu with categories like Entertainment, Job, Mobile, Watch, Laptop, Tech, Business, Sports, Social Media, Car, Bike, Travel, Politics, Loan, Lifestyle, Movie, and Yojana.

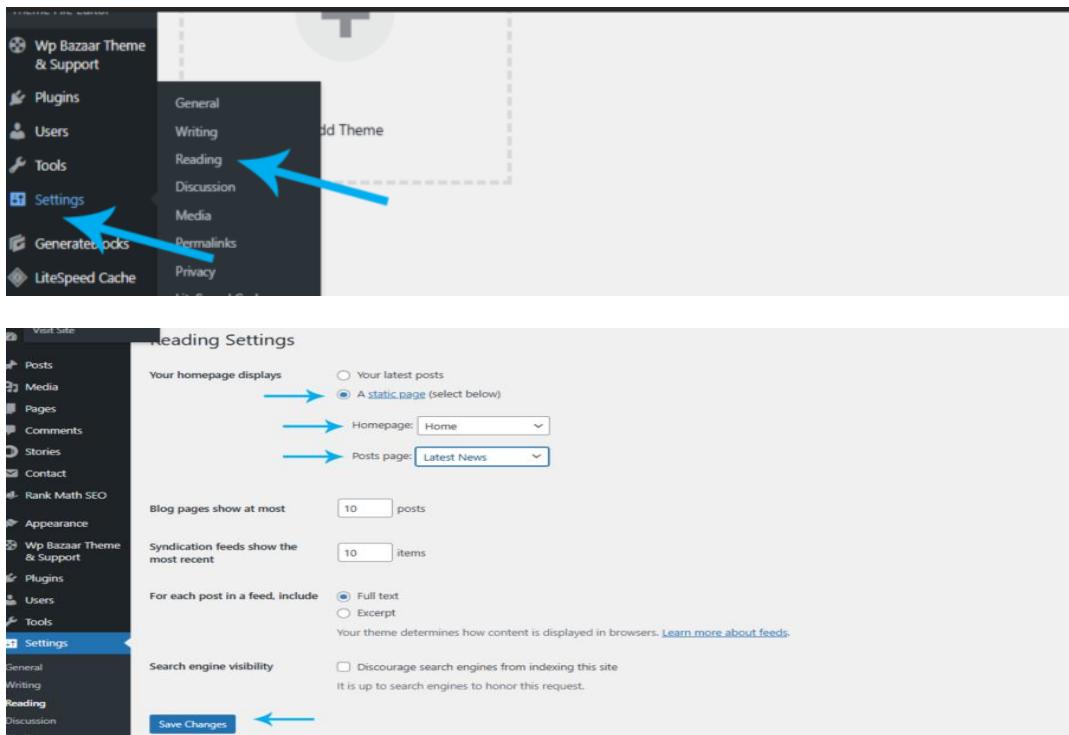

The main content area is titled "Blog". It features a grid of five blog post cards. Each card includes a thumbnail, the author's name (Ashish Pandey), the date (October 3, 2025), and the post title. The titles are: "Social Media Post 13 – Latest Social Media News, Trends & Updates 2025", "Social Media Post 12 – Latest Social Media News, Trends & Updates 2025", "Social Media Post 11 – Latest Social Media News, Trends & Updates 2025", "Social Media Post 9 – Latest Social Media News, Trends & Updates 2025", and "Social Media Post 7 – Latest Social Media News, Trends & Updates 2025".

To the right of the blog grid, there's a sidebar with social media sharing icons for WhatsApp, Instagram, Telegram, and Facebook. Below these icons is a "Trending News" section with a blue button containing a lightning bolt icon. The news items in this section are: "Social Media Post 12 – Latest Social Media News, Trends & Updates 2025" and "Social Media Post 11 – Latest Social Media News, Trends & Updates".

## Step 11: Homepage और Latest Post सेट करें

Settings > Reading में जाएं।

Homepage सेट करें और save करें:

अब आपका homepage तैयार है और कुछ ऐसा दिख रहा है:

The screenshot shows a website with a header navigation bar including links for Privacy Policy, Home, About Us, Contact Us, Disclaimer, Terms & Conditions, Latest News, and a search icon. Below the header is a secondary navigation bar with links for Entertainment, Job, Mobile, Watch, Laptop, Tech, Business, Sports, Social Media, Car, Bike, Travel, Politics, Loan, Lifestyle, Movie, and Yojana.

The main content area features a 'Latest News' section with a large thumbnail image for 'Social Media Post 13 – Latest Social Media News, Trends & Updates 2025'. Below the thumbnail is the post title and a date: 'October 3, 2025'. To the right of the thumbnail is a list of other recent posts, each with a title, date, and a 'See All' button:

- Social Media Post 11 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 10 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 9 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 8 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 7 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 6 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 5 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)
- Social Media Post 4 – Latest Social Media News, Trends & Updates 2025 (October 3, 2025)

Below the 'Latest News' section are two more sections: 'Politics' and 'Sports', each with its own 'See All' button. At the very bottom of the page is a footer link: 'www.machinipro.com/entertainment/'.

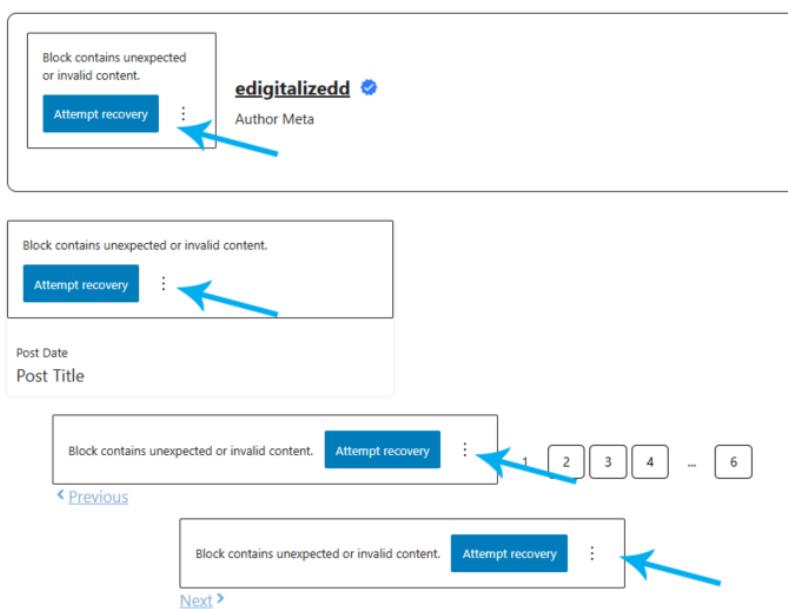

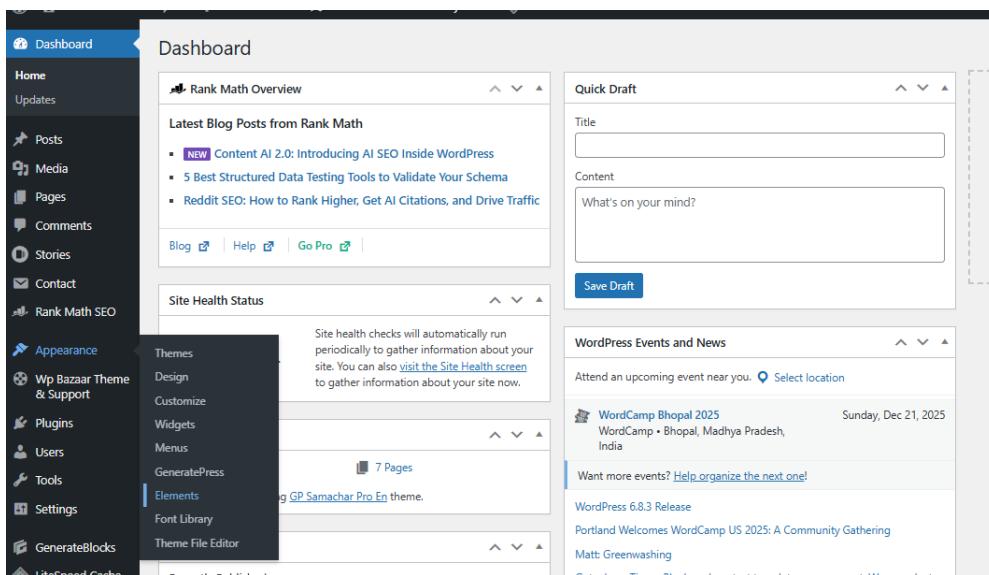

## Step 12: Element Issues Fix करें (अगर कोई हो)

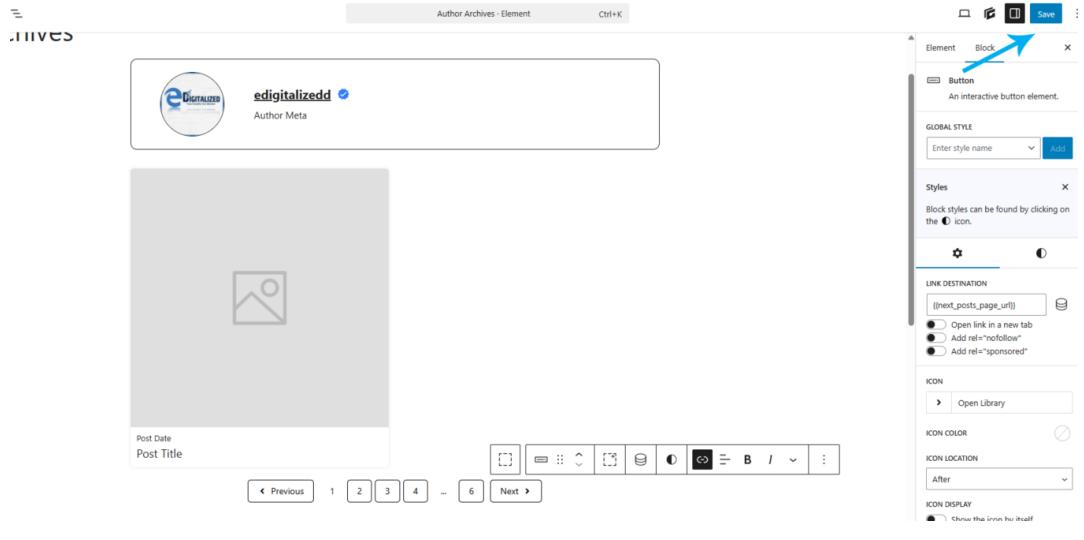

कुछ elements सही display नहीं हो सकते।

Appearance > Elements में जाएं।

23 elements को एक-एक करके edit करें।

अगर कोई error हो, तो "Attempt Recovery" पर क्लिक करें और save करें।

## Step 13: Menu Setup

Menu create करें और उसका नाम दें।

जो item दिखाना हो वो add करें।

Menu save करें:

The screenshot shows the WordPress dashboard with the 'Appearance' menu selected. Under the 'Appearance' menu, the 'Menus' option is highlighted with a blue arrow. The dashboard also displays other sections like 'Rank Math Overview', 'Quick Draft', 'Site Health Status', and 'WordPress Events and News'.

Manage Locations में menu location assign करें और changes save करें:

The top screenshot shows the 'Add menu items' section of the GP Samachar Pro dashboard. It lists 'Pages', 'Posts', 'Custom Links', and 'Categories'. Below these are 'Most Used', 'View All', and 'Search' buttons. A sidebar on the left shows various WordPress settings like 'Appearance', 'Themes', 'Widgets', and 'Menus'. The bottom part shows the 'Menu structure' with a 'Main Menu' dropdown and a list of categories: Bike, Business, Car, Entertainment, Job, Lifestyle, Politics, Sports, and Yojana. Arrows point from the sidebar to the 'Pages' and 'Posts' buttons, and from the 'Main Menu' dropdown to the 'Auto add pages' checkbox.

The bottom screenshot shows the 'Manage Locations' section of the 'Menus' page. It has tabs for 'Edit Menus' and 'Manage Locations'. The 'Manage Locations' tab is selected. It lists 'Theme Location' (Primary Menu and Off Canvas Menu) and 'Assigned Menu' (both set to 'Main Menu'). Arrows point from the 'Save Changes' button to both 'Assigned Menu' dropdowns. The sidebar on the left includes 'Appearance' and other navigation links.

## Step 14: Footer Configuration

Elements में जाएं और footer logo, text या links जैसी ज़रूरत हो सेट करें।

### Footer Widgets

This screenshot shows the footer configuration interface. At the top, there are several icons for managing the footer area. Below them is a text block: 'Your Trusted Source for the Latest English News — Stay updated with Gp Samachar Pro on national, international, politics, sports, entertainment, business, education, and technology. We deliver fast, accurate, and unbiased news in a simple and clear language, so you're always informed and up to date.' To the right are three columns: 'Categories' (Business, Sports, Entertainment, Lifestyle, Tech), 'Quick Links' (About Us, Contact Us, Disclaimer, Privacy Policy, Terms & Conditions), and 'You Can Follow Us On' (Follow Us On Social Media with links to various platforms). The bottom of the screen shows a copyright notice: '2025 © Example.com · All rights reserved'.

The screenshot shows the desktop version of the GP Samachar Pro website. At the top, there's a navigation bar with icons for search, filter, sort, and other site functions. Below it is a header featuring a globe icon and the text "NEWS GP Samachar Pro". A sidebar on the right is titled "Follow Us On" and lists social media links. The main content area contains a section about the news source and a sidebar menu editor. The sidebar menu editor is open, showing a "LINK" field with the URL "https://wpbazaar.in/wpbazaarnewspro/category" and three checkboxes for link options: "Open link in a new tab", "Add rel="nofollow\"", and "Add rel="sponsored\"".

This screenshot shows the mobile version of the GP Samachar Pro website. It features a similar header with the "NEWS GP Samachar Pro" logo. The sidebar menu editor is again visible, showing the same URL and link options as the desktop version. The mobile interface includes a "Categories" section with links to Business, Sports, Entertainment, Lifestyle, and Tech, and a "Quick Links" section with links to About Us, Contact Us, Disclaimer, Privacy Policy, and Terms & Conditions.

## Step 15: Mobile Menu Change करें

इसी तरह mobile menu भी change करें:

The screenshot shows the mobile menu logo editor. It displays a blue header with the "NEWS GP Samachar Pro" logo. Below it is a toolbar with various icons for editing. The main area shows a "Mobile Menu Logo" placeholder with a small preview image.

This screenshot shows the mobile menu item editor. It displays a horizontal menu bar with items: "Home", "Latest News", "Web Stories", "WhatsApp", and "Telegram". The "Home" item is highlighted with a blue border. A blue arrow points from the left towards the "Home" item. To the right, another blue arrow points towards the "LINK DESTINATION" field in the sidebar menu editor, which is set to "https://wpbazaar.in/gpsamad". The sidebar also shows link options: "Open link in a new tab", "Add rel="nofollow\"", and "Add rel="sponsored\"".

## Step 16: Logo और Favicon अपलोड करें

Appearance > Customize में जाएं।

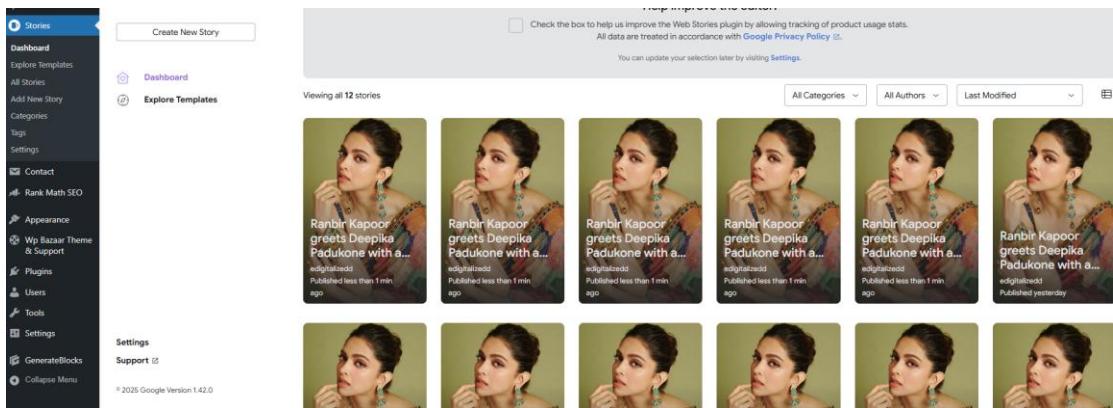

Site Identity में जाएं, अपना logo और favicon upload करें और publish करें।

The screenshot shows the WordPress dashboard with the 'Appearance' menu selected. Under 'Customize', the 'Site Identity' section is open. It includes fields for 'Site Title' (set to 'GP Samachar Pro'), 'Tagline' (set to 'Give Here Tag Line'), and three logo sections: 'Logo', 'Retina Logo', and 'Site Icon'. Each section has 'Remove' and 'Change logo' buttons. A large blue arrow points from the 'Publish' button at the top of the Site Identity panel to the top of the website preview. Another blue arrow points from the 'Change logo' button in the Logo section to the logo area of the website preview. A third blue arrow points from the 'Change image' button in the Retina Logo section to the retina logo area of the website preview. The website preview shows a news homepage with a banner for 'Social Media Post 12 – Latest Social Media News, Trends & Updates 2025'.

## Step 17: Web Stories

यहाँ web stories create करें।

अधिक जानकारी के लिए YouTube वीडियो या support से संपर्क करें।

## Step 18: Homepage Setup Using Patterns

GenerateBlocks > Local Patterns में जाएं।

"homepage.json" import करें।

The screenshot illustrates the process of creating a query-based post loop in the WordPress Block Editor. On the left, the Block Editor's sidebar shows a hierarchical tree of blocks. A blue arrow points from the 'Query' block in the tree to the main content area, where a 'Loop' block is being used to generate multiple posts. Another blue arrow points from the 'Loop' block in the tree to the main content area, where a 'Post' block is being used to display individual posts. The main content area displays a grid of posts titled 'Social Media Post 10' through 'Social Media Post 13', each with a small thumbnail and the date 'October 3, 2025'. To the right, the 'Query' panel is open, showing settings for the global style, query type (Post Query), pagination type (Standard), and inheritance options. The 'Posts' post type is selected.
